

# Quiring Monuments, Inc.

## Limited Warranty

We consider it a privilege to have this opportunity to serve you with your memorial needs. The purchase of your family memorial is as important to us as it is to you. Your satisfaction is our most important asset.

We hereby certify that your memorial is manufactured from the finest quality stone, and that this stone does not contain hidden flaws that would make it susceptible to cracking or disintegration due to climate or season.

We further certify that the carving and workmanship are of the highest quality.

We guarantee to replace or repair, free of all expense to the original purchaser, or to the heirs or representative of the estate of the person(s) memorialized, any stone part of the memorial that may crack or disintegrate due to the effects of climate or season.

We are not responsible for damage or staining resulting from neglect or damage by cemetery personnel, acts of war or civil disturbance, sudden destructive weather conditions and natural disasters, or discoloration for any reason. In the event of any work done on this memorial by another entity after installation, this Limited Warranty becomes null and void. This Limited Warranty may also be subject to separate requirements on us imposed by state law.
